

Ben Cleveland Installed As Lions Club President

Ben Cleveland, local manager of Perry Bros., was installed as president of the Comanche Lions Club, Tuesday night, June 23.

BEN CLEVELAND

... new president Lions Club. The Installation Committee, with Lion Virgil Norris, chairman and Installation officer, was in charge. New officers installed were Cleveland, president; D. F. Caraway, 1st vice president; Plez Todd, 2nd vice president; Jack Moore, 3rd vice president; John Beatty, secretary; E. H. Denny, Lion tamer; George Willis, tail twister. On the board of directors are Albert Brannan, Porter Franks, Louis Harelik, Chester McKinzie and retiring president Bill Dudley.

Mrs. Bill Wilkerson Elected President Of Public Library Assn.

The fifth annual meeting of the Comanche Public Library was held on Tuesday night, June 23. Joe Waring and Mrs. G. P. Tate were elected to the board. Officers for the coming year are Mrs. Bill Wilkerson, president; Joe Waring, vice president; Mrs. Joe Waring, secretary; and Rena Owen, treasurer. Ben Suderth was appointed legal advisor. It was reported that the library has in excess of 5,400 books to lend. The circulation for the calendar year of 1963 was 11,230. The Comanche Public Library is operated by volunteer help. During the past year a total of 1,123 hours was worked by five students and 8 adults. The library is open on Wednesday and Saturday mornings.

Chief To Be Published Day Early Next Week

Next issue of The Chief will be put in the mails on Wednesday, July 1, instead of the usual Thursday, which is July 2. Most firms in Comanche will be closed Saturday, July 4th, but shoppers will still get the "week-end" specials as advertised in The Chief for Thursday and Friday.

Don't cut your news or advertising short; however, we will appreciate receiving your copy in at your earliest convenience. We thank you for your usual cooperation.

THE CHIEF.

HOUSE RECEIVES LIONS CLUB BUILDER AWARD

Clyde House, program stimulator for the local Lions Club for the past 10 years, received the Lions International Club Builder Award at the club's Tuesday night meeting. The presentation was made by retiring president Lion Bill Dudley.

House has been a member of the local Lions Club since January 1958.

Ernest Arias, Visiting County Agent, Now In Colorado State U.

Ernest Arias, Visiting County Agent from Costa Rica, is in Colorado, attending a 3 weeks graduate study course at Colorado State University in Fort Collins until July 5th.

Arias' wife, Lydia, and their children, Luis Diego, Fernando, Ernesto, Myrlam and Cecilia, are with him. In his first report concerning the 1,000 mile trip from Comanche to Ft. Collins, Arias mentioned going through a thunderstorm in Amarillo—heavy hail with a little rain in Colorado and topped it off with a tire blowout and an empty spare tire. Other than the above—everything was fine and the weather very agreeable.

In Houston Hospital

Rea Hoff, local businessman, is in Herman Hospital, Houston, where he underwent minor surgery Thursday.

Dr. Ellis Carnett Interim Pastor At First Baptist

The First Baptist Church of Comanche has called Dr. Ellis L. Carnett, as its interim pastor. He will serve in this capacity until a permanent pastor is called by the church.

Dr. Carnett, who lives in Brownwood, is no stranger to Comanche. He was the evangelist for the local church March revival and is an outstanding speaker and worker among Southern Baptists in ministry and music.

Dr. Carnett was pastor of the Travis Avenue Baptist Church of Fort Worth. He has been a professor in three Southern Baptist seminaries and is past president of Buckner Benevolences for the state of Texas.

Lane and Boyd To Help Plan YF State Meeting

Bill Lane, one of the State Young Farmer vice-presidents and Aro' Boyd, CHS vocational agriculture teacher and Young Farmer advisor, will travel to Dallas June 29 to assist in making final plans for the January 1965 State meeting of the Texas Young Farmers.

The State Awards meeting will be held in Dallas at the Baker Hotel next January. The Awards Banquet will be held in the auditorium of the Adolphus Hotel. The executive committee will make final plans for the selection of new State Young Farmers officers from Areas II, IV, VI, VIII and X.

Other matters to be decided upon will include speakers for the state meeting, entertainers, the press dinner, the luncheon to be sponsored by the Texas Electric Cooperatives, and the special awards for lay citizens.

Lane will represent Area IV as State Vice-President, and Boyd will serve as one of the advisors at the meeting.

Also included in the planning will be a discussion of the exhibit booths for commercial concerns. In the past Comanche has been well represented by booths from Central Texas Fertilizer Company, and the Moorman Manufacturing Company. This means that Comanche has furnished two of the 30 exhibit booths allowed.

The meeting of the State officers and the advisors will make final plans for next January's State Young Farmer Convention. The tentative dates for the state meeting are January 7, 8, and 9.

Johnston's "66" Station To Have Grand Opening

Johnston's "66" Station and Garage, 1101 E. Central, owned and operated by T. A. Johnston, will hold its grand opening Saturday, June 27.

The Phillips 66 station which opened here several years ago, has been under the new management of Mr. Johnston for about a month.

Johnston, who moved here from Mesa, Arizona, is no stranger to Comanche. He is the son of the late T. H. Johnston and Mrs. Johnston, and went to school at Fairview.

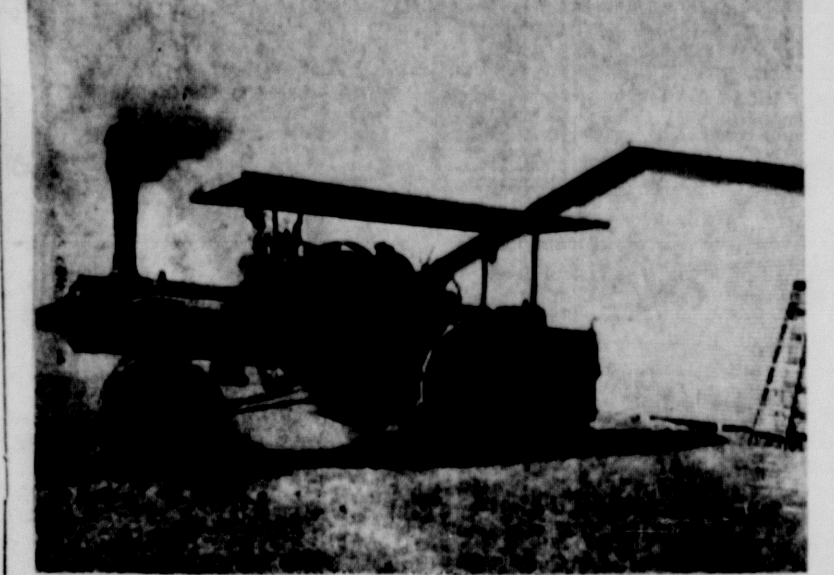

In addition to his mother, he has two sisters, Mrs. Pete Hill and Mrs. Curtis Power, and four brothers, Henry, Gene, Chester, and Thomas, who all live in or near Comanche.

Johnston, whose wife is deceased, has two children, Donna, who will be in the eighth grade next school year, and Douglas who will be in the fifth grade.

A free six-pack of Pepsi-Cola will be given away with every fill-up at the Johnston "66" grand opening Saturday, and a free grease job will be awarded when the bottles are returned.

Johnston invites all to come by Saturday and attend his firm's open house.

Large Crowd On Hand To See "Big Bertha"

A large crowd was on hand Sunday afternoon at Burks Museum to see "Big Bertha" the 1914 steam engine, in action. A. P. Burks, all decked out in striped overalls and engineer's cap, loaded the steam engine with wood and water and took it for a spin. Visitors from New York, Houston, Lubbock, Ballinger, Brownwood, Fort Worth, Big Spring, De Leon, Fort Hood, Hamilton, Gustine and California, as well as Comanche signed the guest roster at the Museum.

Glen Ellis To Head Oceanographic Research In Cape Cod, Mass.

The Defense Research Laboratory has been awarded a \$25,000 contract to assist the United States Oceanographic Office in obtaining data on water pressure at the bottom of the ocean. The work will be performed by Glen Ellis, graduate physicist of the University of Texas, attached to the geophysics section of DRL's acoustics division. He is the son of Castle Ellis, Comanche.

The studies will be made at Buzzards Bay off Cape Cod, Mass. Scientists will measure and analyze data on water pressure caused by waves and a natural phenomenon known as seiche—the low-frequency oscillation of waters in an entire bay or lake.

DRL scientists will assist in the operation of pressure-detecting systems, providing hydrophones, making field measurement, and reducing and interpreting data in the lower frequency region.

CHS Students To Attend Conference For Youths, July 10-12

AUSTIN—State Attorney General Waggoner Carr has designated the following young Comanchians as delegates to the Second Annual Attorney General's Youth Conference to be held in the State Capitol July 10, 11, and 12: Jane Ellen Caraway, daughter of County Judge and Mrs. D. F. Caraway; Malcolm Lee Cleveland, son of Mr. and Mrs. Ben B. Cleveland; Jowen Quinn Mason, daughter of Mr. and Mrs. Brooks Owen Mason, and John Anthony Morris, son of Mr. and Mrs. Virgil H. Norris.

The Conference is a new approach for combatting youth crime: Give the Youth themselves a big part in the solutions to problems of their generation.

Over 1600 delegates from 254 Texas counties will join in seminars to hear and develop new ideas for combatting juvenile crime. Included will be Juvenile Jury Operation, Teenage Spare-time and Recreation ideas, a special Drop-Out seminar sponsored by Texas Future Homemakers and various other seminar topics. Delegates are encouraged to return to their respective communities and implement some of the ideas learned at the State Conference.

The Conference has become an annual meeting sponsored by the Attorney General's Office and is the only program of its kind in America because of its strong youth oriented approach and its dependence on local civic clubs and other private organizations for sponsorship of delegates.

Among Jane's many activities, she was selected as Best Citizen, and class favorite, both her freshman and sophomore years. She is also very active in church work.

Malcolm, a junior at Comanche High School, has been active in the band.

Quinn, a junior at Comanche High School, has served on the Annual Staff and holds the office of secretary, both in her local and district MYF.

John, a senior at Comanche High School, was selected as Boys State alternate, president of National Honor Society, and has been outstanding in the band.

Here From California Mr. and Mrs. Jene Carlisle and Mr. and Mrs. Cecil Haney from Costa Mesa, Calif., are visiting here in the home of W. E. Kerley.

Raiders, Saints Pace Baseball League

The Harelik Raiders, by winning six straight games, have clinched at least a tie for first place in the local Little League race, and have only to beat Gustine Saturday night for the Championship.

Regular Little League play closes Tuesday night, June 30. Playoffs begin July 6. In the Pee Wee Division, the First Methodist Church Saints continue to lead the league with 5 wins and no losses.

A showdown for first place is due Friday afternoon when the Saints meet Gustine, who have lost only one game.

In league action in the Little League division, the Wizards defeated the Toppers 8-5. The Saints scored 10 runs in the first inning to down Sidney 10-0.

In what was supposed to be a close ballgame last Thursday night, June 17, the Raiders walked the Saints 11-1. The Toppers downed Sidney 12-2 in the nightcap.

In Friday's night games, the Raiders nipped Oak Lawn 5-3, and Gustine downed Blanket 11-8. Saturday night the Wizards bombed Blanket 20-4 and Oak Lawn took Gustine 17-7.

Tuesday night the Raiders continued their winning ways by blanking Sidney 15-0, and Toppers downed Blanket 13-3.

In the Pee Wee division, the Saints won three games beating Sidney, Oak Lawn and the Raiders. Gustine beat Oak Lawn and the Raiders; Toppers beat the Wizards but lost to Sidney; Wizards beat Oak Lawn and Sidney beat the Wizards.

Open House Stated At Public Library July 2

An open house and showing of memorial books will be held at the Comanche Public Library on Thursday, July 2, from 9 to 12 and 1 to 5 o'clock.

The board of the Comanche Public Library is particularly interested in showing these books to the donors and to the families of the person for which the memorials were given.

Please take a few minutes to visit your library and see these fine books. It is hoped that the business people of Comanche will give up one coffee break and give the library a break.

4-H Gold Star Tour Next Week

by BARBARA BARRETT, Comanche County Home Demonstration Agent

The 4-H Gold Star Tour will be held next Monday and Tuesday. From the six entries, the outstanding 4-H boy and girl in Comanche County will be selected.

Those who have entered are Jane Ann Robertson, Comanche; Lola Wayne Pair, De Leon; Peggy Evans, Soda Springs; Dorothy Byrd, Soda Springs; Bobby Lane, Newburg; and Walter McCullough, Newburg.

Because of the large number of entries the tour has been expanded to two days. The girls will be judged June 29. The tour will leave the courthouse at 8 a.m. and will return at approximately 4 p.m. There will be a dutch treat sack lunch with the beverage furnished.

The boys will be judged June 30. The tour will leave the courthouse at 1:15 p.m. and return at 4:30.

Everyone interested in 4-H is most welcome to attend.

Mrs. Brightman Honored On Her 97th Birthday

Mr. and Mrs. J. C. Wilkerson entertained her mother, Mrs. O. O. Brightman with a birthday party on June 23. Mrs. Brightman was observing her 97th birthday.

Mrs. Brightman, the former Alma Wiley, was born June 23, 1867 in Oxford, Miss.

Mrs. Brightman taught at College Hill, Mississippi, for a year before moving with her parents, the late Mr. and Mrs. John Wiley to Coleman, Texas, where she taught.

She married the late Oswald O. Brightman in Coleman on Dec. 11, 1890 and moved to Comanche in 1898.

All six of Mrs. Brightman's children and some of their families attended her party. They are Mrs. J. C. Wilkerson, Miss Hattie Brightman, Dwight Brightman, Oswald Brightman, Mrs. Clyde Silvis of Austin and Mrs. James C. Schiller of Baytown.

Mrs. Brightman has two brothers, Nick Wiley and Lell Wiley of Oklahoma, and 10 grandchildren, 17 great-grandchildren, and 3 great-great-grandchildren.

The Comanche Chief feels proud and honored to have one of its members, Bob Carpenter, chosen at last week's State Democratic Convention in Houston as one of the delegates to the National Democratic Convention to be held August 24-27 in Atlantic City, New Jersey.

Bob has been the efficient head linotype operator at The Chief for more than 35 years, and helps out in most any other capacity from janitor to manager whenever he sees the need for such service.

Carpenter is one of the four delegates chosen from the 17th Congressional District consisting of 14 counties and many thousands of voters.

We do not have the figures at hand, but we suspect that Carpenter is one of the very few men ever to represent Comanche County at a national convention.

According to every poll that we have seen, Lyndon B. Johnson is sure to be nominated in Atlantic City as the Democratic nominee for President, and the odds are heavy that he will be elected in November along with Texas Governor John Connally.

Vern Sanford, manager of the Texas Press Association, in a release from Austin, says that indications are that although the polls show that the Democrats will win in the November elections, a study of the recent primaries indicate that the number of Republican candidates on the upcoming General Election ballot, in the grassroots area, will strengthen the ever-growing trend that Texas is becoming a true two-party State.

For example, this fall the Democratic nominees for sheriff in 18 counties of Texas will face Republican opponents in the November General Election.

In Lubbock County, the Republicans have a candidate for county judge.

In seven Texas counties the Republicans have candidates for county attorney, and in two counties, both the Democrats and Republicans have candidates for county clerk.

In 12 counties of Texas the Republicans have candidates for county tax assessor-collector.

In two counties in Texas the Republicans have candidates for county school superintendent.

In 78 counties there are Republican candidates in one or more precincts for county commissioner.

The GOP also has candidates for most top State posts and for more than half of the 150 House of Representative posts.

In addition, George Bush, who beat Jack Cox for the Republican nomination for U. S. Senator, will carry the Republican banner in the General Election against U. S. Senator Ralph W. Yarborough, Democrat.

Connally Honored
Our popular Governor, John Connally, recently returned to Texas from the National Governors' Conference in Cleveland, Ohio, with an important new post. Connally was selected as the first chairman of the Democratic Governors' caucus, getting the unanimous vote of the Democratic state chief executives.

Texas Tourist Trade
Tourist trade in Texas broke all previous records during 1963, according to the State Highway Department which keeps statistics on that industry.

Large cities attracted a majority of the record-breaking number of tourists.
Out-of-state visitors to Texas totaled 11,700,000, an increase of 26 percent over the preceding year.

These tourists in Texas spent \$532,200,000 to show a 13 percent increase over 1962.

Dallas drew the largest percent of the tourists, 15.3 percent, followed by Houston with 14 percent, El Paso 9.8 percent, and San Antonio 9.6 percent.

School Ruling
Texas school boards have the right to make rules about students' clothing, according to a recent ruling by State Education Commissioner J. W. Edgar, who

ruled that the Andrews school board had the right to prohibit girls from wearing trousers to school.

Mrs. Kenneth King of Andrews made the appeal which led to the ruling. Mrs. King contended that her third grade daughter, Vickie, should wear trousers to school to protect her health.

In upholding the school board, however, Edgar advised that the policy be clarified and be suspended upon a written prescription by a doctor.

Doyle Write About Dr. Hill
The Chief is indebted to D. K. Doyle, 2605-D, W. Randol Mill Rd., Austin, for a very interesting letter concerning the early Comanche life of the late Dr. Robert T. Hill, internationally famous geologist. Mr. Doyle, as many of the oldtimers will recall, was once the very talented editor of The Comanche Chief for several years preceding 1927. Mr. Doyle's article follows:

"After spending several months of the last fall, winter and spring near Austin, seeing the enormous walls and piles of rock along scenic drives, and noticing the word Balcones on some street signs, I thought often of Dr. Robert T. Hill, one of the most eminent geologists of his day, who as a youth lived in Comanche. He was known among oil men and geologists as the discoverer of the 'Balcones Fault'."

"Bob" Hill was employed by G. A. Beeman, founder of The Comanche Chief, as typesetter in the earliest days of the paper's publication.

"My first knowledge of Dr. Hill was at the time of the eruption of Mont Pelee on the island of St. Martinique in the West Indies, in 1902."

"Older citizens of Comanche, as well as of other places all over the nation, will remember the Mont Pelee disaster as one of the most widely known and generally talked about events that they have ever known. Encyclopedias state that 40,000 people were killed and that a thick deposit of volcanic ash left the area a wasteland."

"Incidentally newspaper reports as day by day information came in had mentioned that Robert T. Hill, geologist, had been sent to St. Martinique on a U. S. government mission to make studies of the geological aspects."

"At sometime during that per-

iod I met G. A. Beeman in Stephenville and he told me who Dr. Hill was."

"It was 25 years later and in

Brownwood when Brown County was having its 1927-28 oil boom, that I first heard Dr. Hill's name mentioned in connection with the Balcones Fault. Among the

swarms of oil men and geologists about the lobby of Southern Hotel the Balcones Fault was often mentioned and Dr. Hill was spoken of as the man who discovered it."

"I don't know whether discovered is exactly the right word or not. Surely oil men and geologists as well as others had known that something phenomenal geologically had taken place in its area but just exactly where and how was not known."

"Perhaps it was something like Shakespeare said about the poet taking things without form and giving them a local habitation and a name. Maybe Dr. Hill just came into a region of much geological profusion and confusion, and of much beautiful scenery, both rugged and graceful, traced out the basic line of the break in the earth's surface."

"Thus he gave it a local habitation and he or somebody else gave it a name. We are told that the Spanish name Balcones was given because from below the hills look so much like balconies."

"I may observe that while I had always heard it pronounced bal-KONES, when in Austin you see it on a road sign you are supposed to call it Bal-KO-nies."

"The Texas Almanac explains that from a point on the Rio Grande near Del Rio, the Balcones Fault extends eastward to the northwestern corner of Bexar County. There it turns northeastward, running through Comal, Hays, Travis and Burnet counties."

It intersects the Colorado just above Austin."

In addition to what I had learned from Mr. Beeman, I had another brief look into the Comanche life of 'Bob' Hill in the latter part of the 20's in conversation with Mrs. Holmsley. I believe she was called 'Aunt Mintie'. She had the distinction of being the only woman ever to go on a cattle drive up the old Chisholm Trail.

"Her husband, Colonel Holmsley, and a partner took a large drove of cattle to Abilene, Kansas, in the latter part of the 70's and she went along with them and the cowboys. Her husband had spent several hundred dollars for a buggy and team suitable for her travel."

"Mrs. Holmsley said that while in Comanche 'Bob' Hill lived in her home. She said that he spent most of his time on Sundays in the hills and that he had a pile of rocks in his room 'as big as a bed'. He went with them on the cattle drive to Kansas and there took the train for an Eastern school to pursue his studies. It is my impression that he took his degree at Cornell University."

"I know how apt people are to become confused or mistaken about the names of people with whom they have talked and especially those of us who are getting pretty well advanced in age. If I am mistaken about any of this I apologize. I believe I am correct about who told me and I know I am right as to what was said about Dr. Hill."

"I had the privilege of meet-

ing Dr. Hill only one time and that was at the time of the funeral of Mr. Beeman in Comanche in 1927 or 1928."

"He had retired from his geo-

logical pursuits and in Dallas and at the time engaged in writing."

Letter From Wisconsin 4-Hers

by ANGUS DICKSON, JR., County Agent
Note: Below is a letter from Jeanne Klink of Rubicon, Wisconsin, who spent a week in Comanche County last June with the Wisconsin 4-H Exchange Group. Jeanne lived with Linda Jones and her family of Stag Creek.

June 16, 1964

Dear Comanche County Friends:
Just thought I would drop you a line during "anniversary week". It was just one year since the Wisconsin 4-Hers exchanged with the Texas 4-Hers. I can still remember the fun we had. The Gold Star Tour, Lake Eanes, barbecue at Robertsons, the rodeo, bowling, 4-H meetings and all. I wonder if Nathan is still there, because I think he was a summer 4-H agent. (Note: Nathan Boles is now Assistant County Agent at Waco, McLennan County). I can still see him, Bob Schmidt and Dick Goetsch in the barrel picture. I've saved that one as one of the most memorable.

The weather here is a little different than when we were in Texas. When we came, we brought the rain but now I think we should have brought some along home, too. The earth is just crying for moisture it is so dry. Yesterday, we got some but the ground just soaked it in like a sponge. The corn is just sprouting and not even breaking ground. The first crop of alfalfa was very good but if we don't get some rain soon we will have a very poor second and third crop.

I graduated from high school May 31 and now have an office job at Kraft Foods. I really like it and am doing quite well. I miss not seeing the other kids every day but I sure will never miss doing homework!

Just can't forget how swell all of you Texans are—so friendly and helpful. You really made our stay a memorable one. I still talk about it. It is something I will never forget as long as I live. I hope that sometime soon you can come visit us Wisconsinites. We will try to be as good hosts as you were. In other words, we will be friendly and hospitable "Texas-sized".

Yours very sincerely,
Jeanne Klink.

P.S. Say "Howdy" to all my Texas friends.

Here From Winters

Mr. and Mrs. Bud Davis of Winters were in Comanche last week to visit Mr. and Mrs. Tom Pate and to be with their children, Mr. and Mrs. Harold Pate of Fort Worth, who also were visitors in the Pate home here.

Dr. A. C. Pierce Named Chairman At Del Mar College

Dr. A. C. Pierce, chairman of the division of humanities at Del Mar College, Corpus Christi, was recently given the additional job as assistant dean by the board of regents.

The recommendation was made by Grady St. Clair, president. St. Clair said Dr. Jean Richardson, dean, is carrying too big a work load.

"As the college grows, our work increases. There are no lulls," St. Clair said.

The board voted a \$50 a month raise for Pierce to begin in September.

Pierce has been at Del Mar

since 1941 taking one year off to receive his doctorate. He has previously served as registrar and assistant dean.

Dr. Pierce is the son-in-law of County Attorney and Mrs. C. C. Hampton, Comanche. Mrs. Pierce, the former Miss Frances Hampton, is connected with the Del Mar College registrar's office.

MADALINE HYDE RECEIVES HONORS AT BROWNWOOD

Madaline Hyde, daughter of Mr. and Mrs. Joe Hyde of Brownwood, was honored at the recent Jr.-High Awards day in Brownwood in three fields. She received the American Legion Medal award, the Homemaking Award and was highest ranking girl student in the ninth grade.

Madaline is the granddaughter of Lee B. McPherson of Comanche.

June 30 Deadline For "New Wheat Farm" Allotment

Farmers who wish to be considered for a "new wheat farm" allotment for 1965 on a farm which does not now have a wheat allotment should get in touch with the ASCS County Office right away. William F. Bryant, Chairman, Comanche Agricultural Stabilization and Conservation Committee, said recently. Such farmers have until June 30 to file applications for such allotment.

The chairman emphasized that formal application for a "new farm" application must be made in writing on a form provided for that purpose, and the application must be filed at the ASCS County Office by the deadline date.

Nancy Irl Marshall Becomes Bride Of John Scott West

Miss Nancy Irl Marshall became the bride of John Scott West on Saturday June 13, at the First Methodist Church, Yoakum, in a double-ring ceremony performed by the Rev. Richard B. Lear of Port Lavaca. The bride is the daughter of Mrs. N. Y. Plume of Yoakum and the late Tom Clyde Marshall. She is the granddaughter of Mrs. Joe Marshall of Comanche.

The bridegroom is the son of Mr. and Mrs. J. W. West of Spring Branch, Texas.

Floor baskets of white gladioli and stock, intermingled with greenery, and glowing tapers in candelabra provided a background setting for the nuptials. Family pews were marked with white satin bows.

The bride, given in marriage by her step-father, selected a gown of white bouquet taffeta, fashioned with a scalloped portrait neckline and long sleeves that tapered to petal points at the wrists. Alencon lace, embroidered with iridescent sequins and seed pearls, encircled the neckline and shoulders of the fitted bodice. Wide panels of the lace cascaded down each side front of the skirt while the back of the skirt, caught up in a bustle effect, ended in a chapel length train.

A dainty princess crown, enhanced with seed pearls and tear-drop crystals, held the bride waist-length veil of illusion. She carried a white orchid bouquet surrounded by feathered carnations and satin ribbon.

The bride wore the traditional something old, something new, something borrowed, something blue and a six pence in her shoe.

The bridesmaids wore street-length sheath dresses of aquamarine peau de soie, styled with bateau necklines and short sleeves. The back waistline was accented with two roses of self

material. White elbow length gloves and matching head pieces of self-roses, designed with brief circlet veils, completed their ensemble. They carried three long stemmed red roses.

For her daughter's marriage Mrs. Plume chose a dress of light blue silk organza detailed with white embroidery and a deeper blue peau de soie bow at the waistline. She wore matching accessories and white gloves. Mrs. West, mother of the bridegroom, wore a dress of toast lace, trimmed with chiffon and matching accessories. Both mothers wore orchid corsages.

Following the wedding ceremony, a reception was held in the Holy Cross Lutheran Parish Hall.

For her wedding trip the bride chose a three-piece suit of ecru linen, complimented with black accessories and an orchid corsage.

The couple are graduates of Southwest Texas State College in San Marcos where they received a Bachelor of Science Degree During the summer months they will reside in San Marcos where they will do graduate work at the college.

In the fall they will live in Spring Branch where they will be employed in the Spring Branch public schools. The bride taught in Lake Jackson schools the past three years.

Attending the wedding from Comanche were Mrs. Joe Marshall, Sammy Marshall, Mr. and Mrs. Charles Marshall, Mrs. Elton McCullough; also Miss Brenda Steele of Brownwood attended.

NEWS DIGEST

by M. AUTRY, Rt. 1, Dublin

A Texas University business analyst reported recently that it isn't yet clear whether the federal tax cut has stimulated consumer buying—as expected. The tax cut was proposed as more or less a cure-all for whatever ails the economy, but since the economy was, and is, healthy and robust the medicine may have gone amiss. After next tax-paying time the treatment may be found to be much worse than the disease.

Since Republican, Henry Cabot Lodge, Ambassador to South Vietnam, has resigned his post he is doubtless feeling the bite of criticism of his efforts—or lack of them—in that country of turmoil and strife. The criticism may, or may not be justified. The situation there, for both Vietnam and the U. S., has worsened constantly during Mr. Lodge's tenure. Since he is one of the top-bracket Republicans his seeming failure to keep the Vietnam house in order, may have some

interesting political overtones.

Newton's law of gravity is impartial and not concerned about big names. This was demonstrated last week when Massachusetts senator, Edward Kennedy, and two companions crashed to earth on their way to a political gathering, in a light plane, killing the two companions and seriously injuring Kennedy. This regrettable accident serves as a simple reminder that man must still accept his chances when he defies nature's law of gravity.

A noted authority on what makes the economy tick, recently deplored the modern-day trend, among the nation's workers, toward a seeming aversion for so-called menial jobs of all kinds. What does he expect? No one—but no one—wants to be just an Indian—everybody wants to be chief, and there are no chiefs down where the dirt is being tossed out of the ditch. If man continues to improve his lot, perhaps some day there'll be no Indians—just button-pushers.

The 74 American students who arrogantly violated this country's regulations, designed to supervise travel to Cuba, and went there recently from Czechoslovakia on a visit as guests of the Cuban government, will probably lose their passports. Since the students were met—and welcomed—

ed by the Young Communist group of Cuba, loss of passports appears to be a mild sort of punishment for their defiance of U. S. regulations. Loss of citizenship might be more fitting.

Those who expect any sudden change for the better in relations between white and black races in this country—following Senate approval last week of the civil rights bill—should be prepared for disappointment. It's simply impossible to legislate good will between the races, particularly when the pot is full and boiling over with ill feelings, as it is today. Legislators—many of them far advanced in years—should know that good will can't be forced or bought and that the more it is pushed the more it is resented. This new measure—when it becomes law—will be a political dynamite and but few persons will envy the Executive Department its job in administering its provisions.

Seems that anyone with a yen for reform on state levels would find a fertile field in Massachusetts for their talents. It was reported recently that a grand jury had returned 137 indictments against high state officials and their associates in that state. This item received very little display in news media but had it happened in Texas a front page streamer, all over the nation, would have been in order.

Last week when Governor Scranton of Pennsylvania announced his intentions of contesting Senator Barry Goldwater's nomination for the Republican top place on the Presidential ticket, the clearness and calmness of the Goldwater water became somewhat muddled. Scranton's announcement will serve one purpose—if none other—it will live the otherwise humdrum convention and make it look like it was worthwhile.

GRAVESTONES CARRY COUNTY HISTORY

The last stone in the old abandoned cemetery and made the accompanying picture. The cemetery is located on the Walter Barret ranch south of town down the road a short distance from the house. The cemetery is part of Comanche history but I doubt if most people even know that it exists. There are a good many graves scattered around but they can't be seen for the weeds and grass. Some graves are unmarked and are falling in.

James H. Womack Cited By Fruit And Pecan Industry

Submitted by BLUFFORD G. HANCOCK,
Extension Horticulturist, Secretary,
Texas Peach & Plum Growers Assn.
JAMES H. WOMACK
1894-1964

The Texas Fruit and Pecan Industry lost one of the most ardent supporters and influential members with the passing of James H. Womack of De Leon. He died Monday, June 8 from an apparent heart attack.

Mr. Womack had been associated with the fruit and pecan nursery business for over 40 years. He had the reputation of

carrying the most complete of recommended and varieties of any nursery in the state. He was a self-educated, extremely well informed tourist. Mr. Womack was a member of many horticultural organizations both in and out of Texas. He was always the current horticultural being conducted by the USDA and State Experiment Stations—and was among to propagate newly released and nut varieties for the trade. He was the first nurseryman to start propagating and publicizing the lion walnut. His high quality canes were consistent with county pecan shows and Texas Pecan Show.

Mr. Womack was best known for his easy and gentle and for his exceptional knowledge of horticulture.

We will miss him.

Captain Rauhut Receives Special USAF Recognition

LOS ANGELES, Calif. — Captain James B. Rauhut, son of Herman Rauhut of 105 S. Pine St., Comanche, was among those receiving special recognition this week from U. S. Air Force Secretary Eugene M. Zuckert as part of the observance of the 10th anniversary of Air Force missile and space progress this year.

Captain Rauhut is a project engineer at headquarters of the Air Force Systems Command's Space Systems Division (SSD) which recently occupied new facilities at Los Angeles in another event marking the anniversary observance. He is one of more than 850 officers and airmen serving in scientific, engineering, management and support jobs directly related to SSD's mission. All were extended the personal congratulations of Secretary Zuckert as members of the aerospace development team.

The captain, a member of Tau Beta Pi and Chi Epsilon, earned B.S.C.E. and M.S.C.E. degrees from the University of Texas. He was commissioned upon completion of Officer Candidate School in 1952. His wife, Peggy, is the daughter of Mrs. Andra Wilson of 804 W. Lowden St., Fort Worth.

The Space Systems Division where Captain Rauhut is assigned, is responsible for development, acquisition and launch of space vehicles and research satellites. It has a primary role in managing the Air Force's military-science-industry team in the missile and space effort.

Secretary Zuckert pointed out in his congratulatory anniversary message that the Atlas intercontinental ballistic missile was produced in five years.

"In the succeeding five years a family of operational missiles were in place and a wealth of technology basic to both manned and unmanned space flights was developed," he said.

"The nation can be grateful for the effort which has made this a reality," he added.

More than 750 operational Air Force strategic missiles now stand ready as a deterrent to help maintain the peace and records show that 90 per cent of the nation's satellites have been lofted into orbit by Air Force-developed boosters.

The word "porphyry" originally meant "purple stone" and was applied to stone from Egyptian Roman Emperors.

Elmer Webb Rites Tuesday

Elmer George Webb, 74, widely known Comanche building contractor, who resided at 506 W. Wright, passed away at 3:40 a.m. Monday, June 22, in a local hospital. He had been in ill health for some time.

Funeral services for Mr. Webb were held at 2:00 p.m. Tuesday, June 23 in the Comanche Funeral Home Chapel, with Dr. C. C. Klingman officiating.

Burial was in Oakwood Cemetery, Comanche.

Funeral services were Wayne Wilhelm, Joe Eyridge, Bill Stewart, Gaston Boykin, Travis Morris, and Choe Whitlock.

Mr. Webb, son of the late Lemuel and Caroline Webb, was born September 17, 1889 near Dublin, Erath County.

Mr. Webb had resided in Comanche for the past 50 years. He was known widely in building contract circles. During the construction of Comanche County's present courthouse, Mr. Webb was recognized as the top stonemason, and his handwork is reflected in stone carvings on the buildings. Mr. Webb was contractor on a number of public

building projects throughout the state.

Mr. Webb was married in April 1912 to Miss Della Wilcox, who preceded him in death. A daughter, Mrs. Geneva Strickland of Brady was born to them. He was married May 24, 1916 to Miss Nell Palmer, and they were the parents of a daughter, Miss Nell Rose Webb of Comanche. In addition to his wife and two daughters, Mr. Webb is also survived by a granddaughter and two great-granddaughters.

TAYLOR'S CHAPEL VACATION BIBLE SCHOOL DATE SET

The annual Taylor's Chapel Vacation Bible School will begin Monday, June 29 at 2 p.m., according to announcement by Mrs. Martin Emert.

Mrs. Emert said that the school would continue through Friday, July 3 ending at 4 p.m., with graduation exercises set for that night.

Visits in Houston

Mrs. Zode Cox of the Stag Creek community recently visited her family in Houston to attend the high school graduation of her granddaughter, Miss Terry Sue Moore. Miss Moore graduated with honors from Jesse Jones High School.

MISS SANDRA LYNN INCE, GAILORD MURL WHITE WED

Newlyweds Mr. and Mrs. Gailord Murl White are living in Houston for the summer and will return to Bryan-College Station in the fall where the groom will continue his studies at Texas A&M University.

Mrs. White, the former Miss Sandra Lynn Ince is the daughter of Dr. and Mrs. George A. Smith, Jr. of 2010 Elmwood Dr., Bryan. Parents of the groom, a senior electrical engineering major at A&M, are Mr. and Mrs. Edell White of Gustine.

Mr. Billy Earl Williams of El Dorado, Ark., former director of the Church of Christ Bible Chair at Texas A&M, officiated at the 2:30 p.m. Sunday, June 14, double ring ceremony at All-Faiths Chapel.

For the ceremony the chapel altar was centered with an arrangement of white carnations, stock and mums. Both sides of the altar held large baskets of bridal flowers fronted with white urns of greenery. Garlands of ivy caught with satin bows completed the setting.

Robert L. Boone was soloist and was accompanied by Mrs. Imogene Nash Robertson, organist who also played traditional wedding selections prior to the service.

Dr. Smith gave his daughter in marriage. She selected a formal length sheath of silk organza over bridal taffeta designed with fitted bodice and tapered sleeves. The bodice was appliqued with Alencon lace studded with seed pearls as was the scooped neckline and detachable train. A small pillbox of silk organza held her silk illusion veil and she carried a bouquet of feathered carnations and stephanotis outlined in English ivy. She also carried a gold cross, a gift from a relative, and also carried a Brussels lace handkerchief, a gift from Mrs. J. W. Batts Jr.

Attending the bride as matron of honor was Mrs. Adrien F. Drouilhet III. Bridesmaids were Miss Joyce Benson and Miss Margaret Dye. They were gowned in aqua blue street length bouquet taffeta sheaths fashioned with scooped necklines and elbow sleeves. Detachable tunics were held by bows in the front and headpieces were Chanel bows of the same material as the dresses. They carried feathered carnations in the colors of their dresses and cascades of English ivy.

William A. Matthews Jr. of Dallas served as best man. Groomsman and ushers were Phillip Woodall of Sareport,

MRS. GAILORD MURL WHITE

La., and Joe Dell White of Gustine, brother of the groom.

For the wedding and reception following in the Church of Christ Bible Chair, the bride's mother chose a champagne beige lace sheath with matching jacket

trimmed in satin. Her small pillbox hat matched the satin trim of her dress and she wore a brown orchid corsage. The groom's mother wore a beige and green ensemble with white accessories and an orchid corsage.

Wedding guests were registered by Miss Donna Ince, sister of the bride and Zay White, sister

of the groom. Houseparty members included Misses Dan Hanna and Martin Priem of Houston, Joe G. Hanover, Hugo Meuth, George Riley Jr. and Misses Ann Seward, Mariamlin Pinson, Frances Greene and Jocille Hanover.

The bride's table featured blue and white net over a taffeta cloth and was centered with white bridal flowers in a silver wine cooler. Other table appointments were in silver and crystal.

The bride's book table, covered with a white linen cloth, held the bridesmaids' bouquets. Other decorations in the Bible Chair

featured baskets of white flowers and greenery.

For the wedding trip to the bride chose a beige suit, bone lizard shoes and beige kid gloves. Her three-quarter tunic was a brown orchid corsage.

While the groom is in this summer for the Power and Light Co., he lives at 520 Yorkville, Houston. The bride is a graduate and attended San Antonio State Teachers College.

Saturday night following wedding rehearsal, the was entertained with a at the home of Mr. and Mrs. J. Niederauer Jr. Assisting the party was Mrs. B. E.

The buffet dinner was at quartet tables on which was lighted with and candles. Each table had al cups with flowers and in the bride's chosen color blue and white.

Among those attending the honored couple were the bride's parents, wedding members, and Bill Jank, F. Drouilhet III, Mr. and Robert L. Boone and Mrs. Billy Earl Williams.

FARM POND FISH TIPS OFFERED BY COUNTY AGENT

by ANGUS DICKSON, JR., County

If a pond is not fished properly, the fish population will deplete the food supply, resulting in stunted fish. Research has shown that a surface of pond water that is well aged needs from 300 to 500 hours of fishing each year to keep fish production at a minimum.

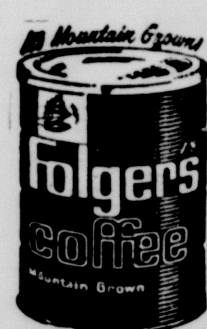

Sunfish have a tendency to overpopulate farm ponds and many as possible should be caught. For every bass or fish removed, at least 10 sunfish should be taken out. Sunfish that are caught and not returned to the pond

Home for the week-end from summer school at Texas Christian University were Miss Judith Allen, daughter of Mr. and Mrs. Gaston Boykin, and Miss Gail Anthony, daughter of Mr. and Mrs. Boyd Anthony. Miss Kay Anthony, who is working for the Fort Worth National Bank in Fort Worth, made the trip home with her sister, Gail.

A news release from the Texas Tech athletic department in Lubbock announces that Russell Durham of Comanche was one of the eight who earned a freshman numeral award in track for the spring semester. Russell, a 1963 graduate of Comanche High School, is the son of Mr. and Mrs. T. R. Durham.

Gayle Harris of Gustine has been named to the semester honor roll at Lubbock Christian College, Lubbock, according to Dr. Jack W. Bates, Academic Dean. To be placed on the honor roll, Gayle maintained a 3.25 grade point average, which indicated better than a B average. Harris was president of Koinonia, parliamentarian of Trailblazers, and reporter of Circle K Club. He is the son of Mr. and Mrs. Hardy S. Harris of Gustine.

Jim Jarratt, who recently completed his freshman year at Austin College, Sherman, visited there and in Dallas, Garland and Fort Worth, over the week-end. While on the Austin College campus, Jim, son of Mr. and Mrs. Whit Jarratt, visited Jerry Foreman, recent CHS graduate, who is attending summer school at AC. Jerry is the son of Mr. and Mrs. Thomas Foreman.

Mrs. Joe Donald Smith, Odessa, made the Dean's Honor Roll for her freshman year which she just completed at Odessa Junior College. Mrs. Smith, the former Billie Anderson, is a 1955 graduate of Comanche High School and is the daughter of Mrs. Roy Turner. She is the mother of a son, Johnny.

ATTEND WEDDING OF GRANDDAUGHTER

Mr. and Mrs. B. A. Howell of Gustine attended the wedding of their granddaughter, Miss Beverly Ann Byers in Dallas on Saturday, June 13 at 8 p.m.

Miss Byers was married to Gordon E. Davis, Jr., 3010 Mar-salis St., Dallas. He is a June graduate of A&M University and is presently employed at an Austin bank. She is a senior in the University of Texas and will be a January 1965 graduate.

Reading . . . A Worthwhile Summer Pleasure

When is the last time you enjoyed a good book? Well, summer is one of the best times of the year in which to read.

Nothing will help pass the summer evening as quickly or pleasantly as reading.

The Comanche Public Library offers to Comancheans one of the best small town libraries in the State. Over one hundred new books have been purchased recently.

Why not check at the local library next week, and pick up a good book.

The doors of the Library are open each Wednesday and Saturday mornings from 9 until 12.

MONAHANS SANDHILLS STATE PARK—Both children and adults enjoy the cool, clean sand at Monahans State Park, a 15-square-mile area of wind sculptured sandhills in West Texas.

Sand Hills At Monahans Rates High For Tourists

If you are traveling through West Texas on U. S. Highway 80, you will find unique recreational opportunities at Monahans Sandhills State Park, located five miles east of Monahans.

Monahans can also be reached by State Highway 18.

The primary attraction of the park is the 3,940 acres of wind-sculptured sandhills. Seventy-foot mountains of pure sand enjoyed by young and old, beckon visitors from afar.

Sculptured dunes, constantly changing with the wind, cover 15 square miles. The park is a fascinating duplicate of Sahara dunes, where you can ride "sand buggies" roller coaster style.

Plant and animal life in the park have adapted to the peculiar environment of the sandhills. Miniature oak trees that seldom reach a height over three feet struggle to maintain roots in the shifting sands, while wild flow-ers that grow at the edge of the

sand dunes would do justice to the finest cultivated flower beds.

Because of the abundance of water in the sandhills, the Indians lived in the area for thousands of years. Amateur archeologists continue to find many artifacts that were covered by the shifting sands. Visitors occasionally find fossils and bones of prehistoric animals and there are rumors of buried gold from a wagon train massacre in frontier days.

The Sandhills Museum, a modern stone and glass building that spans two sand dunes, is located just inside the entrance to the park. There you will find displays of art, science, nature, crafts and antiques.

For those who like to picnic, there are shelters to provide shade, barbecue grills, and tables. Campers are also invited to spend the night in the sandhills.

The Section House Saloon lends a "Western touch" to the area. It is located 1.6 miles north of the park entrance. Here one may obtain soft drinks, snacks and curios behind the swinging bar-room doors.

The park is open daily throughout the year.

Earliest fish hooks known were discovered in caves in Switzerland.

DEWEY F. ANDREWS COMPLETES NAVAL BASIC TRAINING

GREAT LAKES, Ill. (fhnc)—Dewey F. Andrews, 17, son of Mr. and Mrs. Roy T. Andrews, 562 S. Austin St., Comanche, recently completed basic training at the Naval Training Center, Great Lakes, Ill.

The nine-week training includes naval orientation, history and organization, seamanship, ordnance and gunnery, military drill, first aid and survival.

During the training recruits

receive tests and interviews which determine their future assignments in the Navy. Upon completing the program they are assigned to service school for technical training or to ships and stations for on-the-job training in a Navy rating specialty.

Naval training produces the power in seapower by supplying qualified personnel to man the ships, planes and shore stations of today's Navy.

VA Questions And Answers

EDITOR'S NOTE: Veterans and their families are asking thousands of questions concerning the benefits their Government provides for them through Veterans Administration. Below are some representative queries. Additional information may be obtained at any VA office.

Q—Can I allow my annual GI insurance dividend to remain on deposit to meet future premium?

A—Yes, you may. You should notify the Insurance Service of the Veterans Administration Office where you pay your premiums to hold future dividends to your credit at interest, to meet premiums if you should fail to pay when due.

Q—I served less than a year in the Army between 1942 and 1943 and was honorably discharged at my own request to accept employment in essential industry. Will I be entitled to a pension when I become 65 years old?

A—Pension may be granted at any age if a veteran has the requisite honorable service and is unable to follow substantially gainful employment due to disability.

Q—I had service during both World War II and the Korean Conflict but I have heard that the later period would be used in determining my deadline for a GI loan. Is this true?

A—Ordinarily yes. However, if the computed time based on a long period of service during World War II would establish a later deadline than a short period of service during the Korean Conflict, the World War II period may be used.

Q: I receive a widow's pension. I was not working when I began receiving the pension, but I have now secured employment. Is it necessary to report this to VA, or may I wait until I receive an income questionnaire at the end of the year?

A: You should inform the VA at once so that your continued entitlement may be checked. This could prevent the creation of an overpayment, which would later have to be repaid to the VA.

Q: When I move next month, how should I tell the VA so that I will get my pension check at the new address? Should I notify the Treasury in Chicago?

A: No, do not advise the Treasury. Notify the VA Regional Office where your records are located and they will advise the Treasury. Give your Claim Number along with your old and new address. Also, be sure to tell your Post Office of the change.

Q: I have a rather large dividend accumulation on deposit with the Insurance Service. May I withdraw only a part of the total amount?

A: Yes. You may withdraw all or any part of the accumulated dividends.

Agriculture ... Nations Leading Single Industry

by HARRY K. THORNTON, Gustine Vocational Agriculture Teacher

Agriculture is this nation's largest single industry. It is basic to our continued economic and social stability. The production, processing, and distribution of agricultural products employs more than a third of America's working force; and farmers are a \$14 billion-a-year customer of industry and labor—not counting the billions farmers spend for consumer goods.

Our great cities, our mighty industries, our business and professional accomplishments, our educational institutions, and our high living standards, are possible because of the efficiency and productivity of the American farm.

Likewise, the agricultural interests and income of farmers are inseparably tied to the health and prosperity of working men and women and the industries in our towns and cities. No one element of our nation can scarcely exist and certainly not prosper, independently of the others.

This nation must have a constant supply of new farmers every year to replace those who die, retire, or otherwise leave the farm. These must be men with experience and training, for the successful farmer today is both a scientist and a businessman; mechanic and a laborer; at the same time capable of leadership in the affairs of the community.

The number of young men on farms is more than adequate to meet the needs for replacements, but not enough of those who enter farming have the educational background that is necessary for success under modern conditions. Vocational Agriculture, Future Farmers of America and the Young Farmers of America constitute the most effective program yet developed for training boys and men to be good farmers and good citizens, and helping them to become established in the agricultural occupation of their choice.

Your support of this program will help to assure the continued progress and development of the industry upon which America must depend for the basis of a prosperous economy.

Old Friend Coming For Visit
Mrs. Emil A. Hansen, the former Mammie King, daughter of Mrs. M. Atwood, Comanche, writes from Los Angeles: "For the first time within a quarter of a century I expect to spend a summer vacation in Comanche. We will leave here the last of June."

Mammie is a 1913 graduate of Comanche High School.

Building Goes On
"It takes a heap of living," as the late Edgar A. Guest wrote so long ago, "to make a house a home."

And as every conscientious

builder knows, it takes a heap of money and thoughtful planning and dedicated toil to give the owner the kind of house that living can convert it into a home in the fullest sentimental sense.

Next to our sustenance nothing is so important to us as our home. In fact, only the food industry gets more of our dollars than does that of building our homes.

Building in Comanche continues to go on at a steady rate both for homes and business establishments.

Among the several new homes under construction in Comanche is a fine new house for Mr. and Mrs. Tom Beene in Carnes Sun-

set Hill Addition. This building is far from completion, but from the looks of the construction underway, it looks as if it may be one of the better homes in Comanche.

Work is also going on at a steady pace on a new store building to house three establishments which the Carnes Brothers are constructing at the "Y" near the A&P Building.

Many Comanche people will apparently soon have two homes—the one they are living in here in the city and the other near the waters of Lake Proctor. Some of these lakeside buildings are so nice and convenient, that they can no longer be classed as "summer camps."

Nabors Reunion To Be Held At Lake Eanes Park

The second annual Nabors reunion and homecoming will take place Sunday, June 28 at Lake Eanes Park in Comanche.

The committee on arrangements with Thurston Nabors as chairman met at Mortons Chapel Sunday, June 14. It was voted to hold a sing-song at Mortons Chapel Saturday evening, June 27th beginning at 7:30 p.m.

All "Old Timers" of the area are cordially invited to be present. Roll call of many well

known citizens of this area will take place.

The gathering held in Comanche will begin at 10 a.m. Sunday and engage in a well planned program, followed by a covered dish luncheon and visiting. Officers for the incoming year will be elected.

CARD OF THANKS

May I take this method to acknowledge personally to our many friends and neighbors for each card, letter, flowers, food, gifts and many other acts, tokens and kind deeds, which you have shown during my illness. It is all deeply appreciated. May God bless you.—Mrs. Opal Malze (11p)

Woolsey Family Gets-To-Gether

The First of June was a big day for the late E. W. Woolsey family over period of three weeks the family had a wonderful time visiting, suppers and reunion.

Mr. and Mrs. Charley Woolsey, Mr. and Mrs. LeeRoy Woolsey and Mr. and Mrs. Jesse Watson of Comanche entertained their sisters and brothers and their families, Mr. and Mrs. Everett Smith of Denver, Mr. and Mrs. Raymond of Fort Worth, Mr. and Mrs. Donald Woolsey of Alamogordo, New Mexico, Mr. and Mrs. Clarence Woolsey of El Paso. The children of the families in Co-

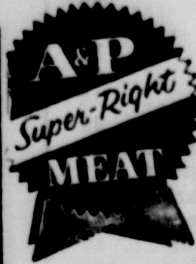

manche were also here. June 7, the family of 74 in-laws and descendants met at the Wayne Woolsey farm where they enjoyed visiting with one another. At noon a basket lunch was served.

There was fish fry at the Jesse Watson home Monday. Then all travelled to the Clarence Woolsey farm where a wiener and marshmallow roast concluded the day.

Here From California
Mr. and Mrs. Earnie Weathersby of California were calling on friends in the Stag Creek and Comanche sector last week, and spent some time with Mr. and Mrs. Dave Auvenshine and Mr. and Mrs. Jean Rachel. Mrs. Weathersby is the former Minnie LaRoque.

God's Servant

To The Memory of The Rev. Henry M. Chambers

God's servant dear
Is here no more,
He's called away
To the blissful
Eternal shore,
To realms of day,
If unto Christ
We'll just be true,
His blessed will
Ever try to do,
Some happy day
Shall we go too,
With Christ to stay.

So let us look
With faith-lit eyes
Beyond the mound
That's shaped above
The form that lies
Low in the ground,
And see with joy,
Enraptured sight
The beauty of
The home so bright
That stands within
God's world of light,
Beyond Death's Bound.

This is God's way,
We have to part,
God's way is sweet!
We'll lay each griefed
And sorrowing heart
At Jesus' feet;
God's servant to
His home did go,
And Christ will guide
Us here below,
And some glad day,
What joy to know,
Again we'll meet.

—JESSE

STAG CREEK CLUB LAYS PLANS FOR FUTURE WORK

At a called business meeting Wednesday night, the Stag Creek Community Club made plans for a long range program.

Plans call for playground equipment for both old and young, and a better outdoor lighting system. Benches will be installed at the Community Center.

A committee was named to plan installation of restroom facilities at the Community Center.

Five-year plans for individual members, including the eradication of mesquite from property, were discussed, along with other projects.

Undergoes Surgery
Mrs. L. L. Dukes, Sr., Gorman, Rt., underwent major surgery at Scott & White Hospital, Temple, on Tuesday, June 23. Mrs. Dukes is reported in satisfactory condition, and is in Room 332.

Aaron T. Sliger Rites Tuesday

Aaron Thomas Sliger, 53, resident of Brownwood, passed away at 2:15 p.m. Sunday, June 21, in Bangs. Mr. Sliger was visiting relatives in Bangs, and suffered an apparent heart attack.

Funeral services for Mr. Sliger, native of Comanche County, were conducted at 2 p.m. Tuesday, June 23, in the Oak Lawn Funeral Home Chapel, Comanche, Rev. S. J. Isham, Gustine Baptist minister, officiated.

Interment was in the Shiloh Cemetery, southeast of Comanche.

Palbearers were T. J. Sliger, Kenneth Sliger, Walter Lee Sliger, Johnny Rust, and Jimmy Rust. Mr. Sliger, son of the late Rutledge Sliger and Alice Low Sliger, was born October 7, 1911 in Comanche County.

He was a member of the Baptist Church.

Mr. Sliger was married October 25, 1936 to Thelma Christine Fox in Chillicothe. Eight children, 4 sons and 4 daughters, were born to the couple. One daughter preceded her father in death.

Mr. Sliger is survived by his wife; 3 daughters, Mrs. Ruby Musgrove of Pine Bluff, Arkansas, Mrs. Verl Ford of Houston, and Kay Sliger of Brownwood; 4 sons, Adam Sliger of Bangs, and Jack, Don, and Dale Sliger, all of Brownwood; two brothers, Adam Sliger of California; 3 sisters, Mrs. Annie Rinehart of Amarillo, Mrs. Ruth Holden of California, and Mrs. Sam Brown of Cooper; and 7 grandchildren.

The Comanche Chief
Comanche, Texas

Thanks very much for a copy of your special Soil Conservation edition. We would like to extend our compliments and commendation to you for a very good issue.

It is seldom that we see a Conservation Edition with so many conservation photographs, stories and advertisements in one issue. You and your entire staff are to be complimented and we in the Soil Conservation Service appreciate very much the assistance which you give us, both with the special Conservation Edition and in regular news of conservation.

We received a note from Paul H. Walker, Assistant State Conservationist, and he asked that we convey to you his compliments and commendation on the issue.

Your help in publicizing what people are doing in conservation helps us to do a better job of getting an understanding of conservation before the whole people.

Thanks for a job well done.

Very truly yours,
Irvin R. Poff
Area Conservationist.

Suffering From ACID-INDIGESTION?

YOUR **Rexall** PHARMACIST SAYS...

Good health is the foundation of good living. Without it life becomes a meaningless burden. Fortunately, it is not usually difficult to maintain health. You need only follow a few common-sense rules, one of which is to have your physician examine you regularly.

And you can rely on us when you need to have a prescription filled.

BISMA-REX
POWDER, TABLETS OR LIQUID

• Eases gastric distress due to acid-indigestion
• Relieves heartburn due to excess acid
